

A Note of Thanks...

Dear School Officials and Host Families,

Student Management Group has committed itself to the belief that it is indeed possible to bring people of the world closer together. It has committed itself to the goal that we can and must provide qualitative programs for our families and schools.

We feel that it is extremely important for American students, either individually or in a group, to travel abroad and to experience the thrill of being part of a foreign family. Experiencing a foreign culture and lifestyle will help all American students to have a greater understanding and perspective of the peoples of the world.

Everyone at Student Management Group is very proud of the care, attention, dedication and love that our local representatives and our office staff put into our programs. We want to help you make a difference in today's world!

Thank you for allowing students, families and schools to work together by providing opportunities for a great understanding among us all!

Thank you for helping to make a difference!!!

Sincerely,

Student Management Group

About The Programs

The Student Management Group's Outbound Program is designed to provide American students with an intensive, cultural and academic experience in a foreign family and cultural environment. We can also arrange any program individually for you, whether it is long-term, short-term or in a group setting. All of our programs are with homestays and all students are always supervised by a local representative.

Academic Year Program

The school year program offers attendance at a public or private high school in more than 25 countries. The student stays with a host family and shares in its daily routines. There is a minimum of two years of high school level language instruction to qualify for entrance to this program.

Semester Program

The semester program is the same as the academic program but only for one semester. This program is for those students who would like to start and finish their first semester abroad and then come back to the United States to attend the second semester.

Short-Term Program

This program is ideal for students who want a taste of life in a specific country but only for a short period of time. It is excellent for those students who may not meet the language requirements for the semester programs. Students can simply stay with a family and/or physically attend some language classes. Teachers may also wish to arrange short-term stays as well, either with small or large groups.

Your Personalized Itinerary

We will arrange any program that you would like regardless if it is a group exchange or an individual program. We work with over 150 foreign organizations. You tell us and will organize it for you!

Summer Short Term Programs

China Tour Summer

China Tour will lead the students to experience China from different scenarios. Students will meet Chinese families and will be able to experience the daily lives in China. Teachers will lead them along historical paths in their daily views of Chinese life.

Summer German Language School

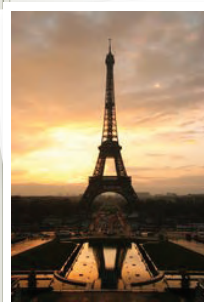

You can choose a school in several beautiful areas in Germany. Students will be taking German language courses as well as visiting cultural highlights throughout their stay.

One Month Homestay in Germany

Students reside with a German family in one of several regions of Germany. A local representative will screen the family and be available throughout the stay. This is a full homestay program.

One Month Homestay in France

Students reside with a French family in the Versailles area within a train ride from Paris. This will be a full homestay with a local representative nearby.

One Month Homestay in Madrid, Spain

Students will have the opportunity to experience another culture and improve their Spanish skills while engaging in fun summer activities. Students will stay with a host family throughout the program with a local representative in the same city.

One Month Homestay in Natal, Brazil

Students stay with a Brazilian family in the gorgeous seaside city of Natal. This is a full homestay program, living with a wonderful family enjoying a fantastic and exciting four weeks. A local representative will be in the same town for any needed support.

* A visa is required for this country
